2018 Ed Ready Math - Online Virtual Learning

What is Ed Ready Math? <https://vimeo.com/238632745>

Ed Ready Math is a program to help students master a range of mathematical concepts. The program will assess math skills, map strengths and weaknesses, provide personalized instruction and prepare students for grade-level expectations, as well as for their college and career aspirations.

Who would benefit from this program?

Students in grades 5-12 that are looking to fill in learning gaps or to accelerate their learning.

Will my student receive credit for this program?

No. A final score will not be recorded for participation. This program is to enhance the students' mathematical concepts and strategies that are essential for mathematics.

How do I register?

Go to www.ucsccommunityeducation.com/enrichment to register online or call the Community Education Center at: 586-797-6900 (Class#: 4141-S18A)

How much does it cost?

\$40

Classes begin June 26 and end August 3
